To J. O. Cote' Department of the Interior,
re Sec. 8. 51. 19 W. 4 Ottawa 24 Aug 1911

The above section was supposed to fall within the Basking Lake Forest Res., but as finally located the Reserve did not include the section. When under consideration the Hudson's Bay Co. consented to give up the section and take in its place other lands, but as it was not required for the Reserve other lands were not given.

Being a whole township in which survey was completed this section was notified to the Company in due course.

In dept letter of 15th Dec 1909 advising the Coy that the section had not been included in the Reserve it is intended that title would be subject to right of way of G.T.P. Ry, but the Coy did not agree to concurrence in that action.

Also in the notification list a note is made, if part being required for right of way, it should be ascertained, before issue of patent, whether the certificate of title, as obtained by the Coy, is such as enables the grant to be made.

Assistant Secretary:-

Please write C. C. Chipman, Commissioner Hudson's Bay Company, Winnipeg, and say that on December 15th, 1909 he was advised that the S.W. ¼ 6-51-19 W.4th which had been relinquished by the Hudson's Bay Company for the purposes of the Cooking Lake Forest Reserve, was not to be included in the said Reserve and he was asked if the Company then desired title thereto, which title would of course be subject to Grand Trunk Pacific Railway right of way. The Crown has now divested itself of its interest in this section in favor of the Hudson's Bay Company, so please ask if the Company has yet applied to the Registrar for certificate of title and if so if it contains a reservation of Grand Trunk Pacific Railway right of way.

The Grand Trunk Pacific Development Company has made application for a transfer to it of the N.E.¼ of 12-43-2 W.4th.

Under authority of an Order-in-Council of the 21st August 1909 the Minister may convey to the Company this and certain other lands subject to an agreement whereby one fourth of the net proceeds to be realized from the sales or other dispositions of the lands shall be paid to the Government.

In October 1909 the Company entered into the above mentioned agreement with the Department with respect to certain of the lands authorized by the Order-in-Council. Will you please say if there is any objection to the Department now entering into a similar agreement with the Company with regard to the N.E.¼ of 12-43-2 W.4th or any other lands the transfer of which to the Company is authorized by Order-in-Council subject to the Government being paid one fourth of the net proceeds.

Dear Sir:

Re L.E. 12-4c-2, est 4th.

With further reference to your letter of the 4th of December last, your file 50408 A 6 and 1204590, plan covering the Grand Trunk Pacific Railway Company's original right of way across the above quarter section has now been registered and I now enclose herewith copy of description covering that portion required for station grounds for which we are to receive a grant from the Crown. Title to our right of way, amounting to 6.24 acres, has already been obtained and is held under certificate of title No. 196 B 10. Copy of this registered plan No. 397 C.D. was forwarded to the Topographical Surveys Branch of the Department of the Interior on the 22nd instant. I shall be pleased to be advised by you that grant is in the course of preparation.

If you will refer further to this matter you will find that the Grand Trunk Pacific Development Company paid the Department of the Interior in full for this quarter section excepting thereout the original right of way comprising 6.24 acres. As the balance of the amount to be granted, namely 18.72 acres, is required solely for station facilities and has nothing to do with the Townsite, it would appear that this Company is entitled to a refund of $56.16, being at the rate of $3.00 per acre. You might also advise me in this regard.

Dear Sir:

Re H.W.L. 12-43-2-W4th.

I beg to refer you to your letter of the 26th July last, your file H.W.201/7, regarding a free grant of the extra land required for station purposes in the above described quarter-section and requesting a refund of $56.16 of the amount paid by the Company for this quarter-section for townsite purposes. I am to advise you that in cases where land required for extra width or station Grounds is not shown on the final plan of Right of Way as approved by the Board of Railway Commissioners, the lands affected are, if available Dominion lands, sold to the Company at a Homestead Inspector's valuation. The extra land in this case was not shown on the final plan filed in the Department and it can, therefore, be sold for station Grounds only at a Homestead Inspector's valuation. As it has, however, been decided to proceed with the issue of patent for this quarter-section to the Company for townsite purposes, I presume you will not require a separate patent for the station Grounds.

Kindly advise me in the matter as soon as possible.

With reference to your letter of the 18th instant, your file 1294590 and 96458-A6, I wish to advise you that it is the intention of the Railway Company to obtain a separate title for the portion of the above quarter required for station grounds. I shall be pleased to be advised by you that patent has been issued in our favor.

Sir:-

Re N.E.¼ 12-43-2-W.4th Mer.

With reference to your letter of the 22nd ultimo, your file R.W.201/7, relative to the land required for station grounds in the above described quarter-section and asking that patent for the same be issued in favour of the Grand Trunk Pacific Railway Company, I beg to state that it would appear that the Company does not quite understand the practice of the Department in such cases. As the extra land required was not shown on the final plan of right of way as approved by the Board of Railway Commissioners it can be sold to the Company only at a Homestead Inspector's valuation. As it would likely take some time to make this valuation and as it would in all probability be greater than $3.00 per acre, it was presumed that the Company would accept patent for this land as part of their townsite - for which purpose the land is at present reserved - and if necessary than the Development Company could transfer the area required for station grounds to the Railway Company.

Should the Company, however, require a separate patent for the station grounds a Homestead Inspector will be instructed to place a valuation on the land required for the same as soon as possible. On receipt of his report you will be advised as to the amount the Company will be required to pay before patent for this land can be issued in its favour. A refund will also be made to the Grand Trunk Pacific Development Company of the amount paid on account of this area for townsite purposes.

As the matter of the issue of patent for this quarter-section for townsite purposes is now being taken up, I will be glad to hear from you again in the matter as soon as possible.

Sir,-

The Indians of the Frog Lake Indian reserves are desirous of obtaining a small tract (probably not exceeding five acres) on the shore of a small lake which appears to be partly situated in townships 56 and 57, range 2, west of the fourth Meridian. The said tract is required for the purpose of affording the Indians access to the said lake for their fishing operations. It appears that the said lake is known locally as the Little Fishing Lake.

Neither of the said townships appear to have been surveyed. If your Department has no objections, a survey will be made of the desired tract, and a copy of the plan for your information and for the necessary Order in Council will be forwarded to you.

MEMORANDUM:

The Assistant Secretary of the Department of Indian Affairs stated in his letter of the 25th October last that the Indians of the Prog Lake Indian Reserves were desirous of obtaining a small tract. , probably not exceeding five acres. on the shore of a small lake situated in Townships 56 and 57, Range 2, West Fourth Meridian. He stated, further, that the tract was required for the purpose of affording the Indians access to the lake for their fishing operations; and that if this Department had no objection that a survey would be made of the required area.

Mr. McLean now transmits with his letter of the 5th ultimo a plan, to which I direct your attention showing that the land applied for is the fractional N.E.¼ of Section 32, Township 56, Range 2, West Fourth Meridian.

The land applied for, which has not yet been surveyed, is clear in the records of the Department.

J. W. Greenway, Esq.,
Commissioner of Dominion Lands.

Memorandum.

I beg to submit herewith an application from the Department of Indian Affairs for a grant of a strip of five acres of land, being the fractional North East quarter of 32, 56, 2, West of the 4th Meridian, so that the same may be added to the Prog Lake Indian Reserve. By referring to the plan marked underneath you will observe that by adding this small parcel to the Reserve it will give to the Indians access to Fishing Lake, and it is for this purpose that the application is made. The land applied for has not yet been surveyed, but is clear according to the records of the Department.

Respectfully submitted,

Land Patents Branch,

Ottawa, 20th March, 1917

Memorandum:-

I beg to return File 129:677, and to say that the land applied for by the Department of Indian Affairs in connection with the Indian Reserve at Frog Lake, which is shewn upon the blue print which accompanied Mr. McLean's letter of the 5th December last, contains an approximate area of 70 acres. It is not possible from the plan referred to, which is out of scale, to determine the exact area of the land in question.

It is observed, however, that in the Assistant Secretary's letter of the 25th October last it is stated that the piece of land which the Department of Indian Affairs is desirous of obtaining will not probably exceed 5 acres, and that the land is required for the purpose of affording the Indians access to Frog Lake for their fishing operations.

MEMORANDUM:

Referring to your memorandum dated the 14th August, a sketch of township 56, range 2, west of the fourth meridian, is enclosed herewith showing the parcels of land exchanged according to the order in Council of the 23rd May, 1908.

It is noted that the description of the parcel received in exchange as contained in the Order-in-Council of the 23rd May does not agree with the plan of Fishing Station, I.R. No 121 A, on the file herewith, surveyed by J. Lestock Reid, Dominion Land Surveyor, in 1907. According to the Order in Council, the land is described as commencing at the point where the easterly boundary produced of the said reserve No 121 strikes the water's edge of Fishing lake, thence south along the said projected boundary 3 chains to the northeast corner of the said reserve; thence south along the said easterly boundary 43 chains etc., According to the plot this latter distance is 40 chains.

It is also noted that course 2 to 3 on the same tracing scales over 14 chains instead of 12. Unless 12 chains is an error in copying from the field notes the parcel of land does not form a closed survey.

Sir.,

I wrote you yesterday 10th inst, in reference to homesteading N.W.1/4. Sec. 22. Town: 33. Range 5. West 5th Mer:., Since I find there is the east 1/2 of Sec: 22. Town: 33 (33). Range 5. West 5th Mer: open, but over half of each 1/4, is river bottom.

Would I be allowed to take up the open land remaining on the 1/2 Sec:for homestead, there appears to be about 100 acres or so, but your maps will show quantity of land above high water mark.

I would prefer this later piece of land if possible for homestead.

W.I.Margach. Ranch Inspector was here yesterday and told me to submit same to you for consideration.

An early answer will greatly oblige

I, Louis Bork, do solemnly swear that I am over eighteen years of age; that to the best of my knowledge and belief the land in respect of which my application is made is of the class open for Homestead Entry; that there is no person residing on the said land, nor are there any improvements thereon.

That I obtained Homestead Entry on the [illegible] day of [illegible], for the [illegible] quarter section [illegible] 12 Township 13 Range 22 of the 4 Meridian, but forfeited the same; that by Order of the Minister of the Interior, which I now produce, I have been permitted to make application and receive another Homestead Entry; and that this application is made for my exclusive use and benefit, with the intention of residence upon and cultivating the land applied for, and not, directly or indirectly, for the use or benefit of any other person or persons whomsoever.

Subscribed and sworn to this 25

day of January 1911
